NEW

WALL-HUNG CONDENSING BOILERS
with stainless steel heat exchanger

EXCLUSIVE X

A Carrier Company

 **Beretta**

EXCLUSIVE^X, THE TOP-OF-THE-RANGE OF THE BERETTA WALL-HUNG BOILER OFFER

EXCLUSIVE BERETTA

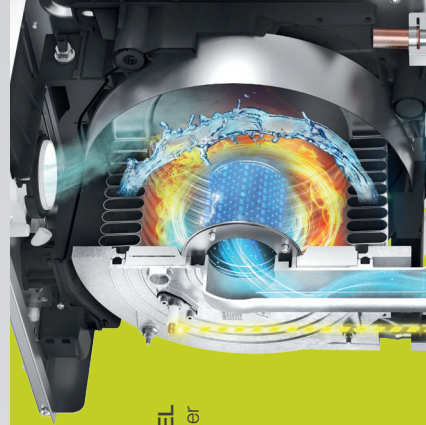

The new range sums up Beretta's **advanced research**, keeping the brand's **best style tradition**. The Beretta tradition stands out in the product design, echoing the lines of the first Beretta boiler models but with a modern twist, and is also evident in the **ease of use** and the **installation flexibility** - two of our brand's distinguishing features that have always been appreciated by the market.

EXCLUSIVE INNOVATION

The new stainless steel heat exchanger, the innovative electronics with a **hybrid function integrated in the boiler**, without need of any additional remote control, and the **ability to process blends of natural gas and hydrogen up to 20%** give EXCLUSIVE X a highly technological profile, ensuring optimum energy savings which in turn means economic benefits for the user.

**A NEW HEART
OF STAINLESS STEEL**
Primary heat exchanger
in stainless steel,
to ensure excellent
efficiency and a long
lifespan.

EXCLUSIVE PERFORMANCE

EXCLUSIVE X is the jewel in Beretta's crown. Thanks to the new optimised plate heat exchanger, the range can reach **DHW performance levels at the top of its category** in terms of efficiency, temperature stability and waiting times. The fine-tuned ACC electronic combustion system continually modulates the amount of fuel supplied, ensuring **energy efficiency and first class operation in all conditions** and minimising harmful emissions.

New **COLOUR BAR** using
4 colours to indicate the boiler
operating status and/or any
faults
