BeSMART

A SMARTER THERMOSTAT.

*Simple.
Universal.
Always with you.*

SIMPLE

BeSMART is the quick and easy way to control your home heating and has been developed by Beretta to optimise your comfort and economy. Utilising the latest 'smart' technology, BeSMART will surprise you with its ease of use and installation. With the BeSMART App, programming your thermostat has never been so simple and intuitive.

UNIVERSAL

Developed by Beretta to suit any system. Indeed anyone can enjoy the benefits of BeSMART, the 'smart' thermostat compatible with the majority of heating systems. BeSMART is also the ideal replacement for older room thermostats.*

**when used as a WiFi weekly programmable thermostat with boilers with ON/OFF control.*

ALWAYS WITH YOU

*Heading to your holiday home?
Returning from a business trip?
Connect to the BeSMART App via your
smartphone or tablet and check or change
the status of your heating system,
wherever you are.*
